

## 2017 Walk on Information

### Booking Mares for Service

Please ensure that as much notice as possible is given to the Woodside Office of a Mare being lined up for service. It is best to advise us when your Mare is 4/5 days out from service. This will assist us with fitting everyone in on the day requested.

Please contact Stud Secretary Emily Eadon on **0419 706 265** or [emily@woodsideparkstud.com.au](mailto:emily@woodsideparkstud.com.au) to arrange a time for a cover.

### Covering Times

Our covering times this year are 6am, 11am, 3:30pm and 8:30pm (times may vary from time to time).

### Identification

Woodside will print off copies of all Mares ID Pages from the Australian Stud Book (ASB) and copies will be in the serving shed. However, if your Mare is recently imported, please ensure that an import application is submitted to the ASB and that a copy of the Mares ID is sent through to Woodside Park Stud prior to covering.

### Disease Control

Please advise our office of any Mare/Foal that has been in contact with horses with Strangles/Rotavirus or Scours. We can implement procedures to deal with such situations and protect walk in farms from cross contamination.

### Stud Office

For all general enquiries, horse arrival and departure notifications, scan results and horse updates please contact our stud office on **0419 706 265** or [emily@woodsideparkstud.com.au](mailto:emily@woodsideparkstud.com.au). This number will be answered 7 days a week.

### Swabs

We require:

- A Negative final 48hr cultured clitoral swab negative for Pseudomonas sp and Kelbsiella prior to the first cover
- A final 48hr cultured uterine swab negative for Pseudomonas sp and Kelbsiella prior to the first cover

If a Mare returns for serve to a different stallion, a new clitoral swab will be required.

Please email swabs to [admin@woodsideparkstud.com.au](mailto:admin@woodsideparkstud.com.au), alternatively they may be faxed to 03 5424 8120.

### Booking Documentation

Please ensure that all paperwork is completed and returned to our office prior to the Mare being booked for service or arriving on our farm.

**We will not cover Mares without a completed service contract**

**Scan Results**

We need to be advised of early (15-18 day) scan results and require a pregnancy certificate be sent to our office at 45 days post service. If the Mare is not in foal at the end of the season, we require a negative pregnancy certificate otherwise it will be assumed that the Mare is in foal and will be invoiced accordingly.

We wish everyone all the best for a successful 2017 season.
